The Ultimate Power Source™

Finally, a battery made specifically for sport compacts. The OPTIMA® YellowTop™ battery is loaded with compact power for small domestics and imports. The Spiralcell® Technology means you get twice the life of standard batteries. You can store it for long periods and it has incredible resistance to vibration, heat and cold. And the sealed cells allow mounting in almost any position without spilling or damaging your car. Look for its colored top and six-pack shape at your local Optima dealer.
